

SHOWER CURTAINS

JOB # _____
 QTY _____
 REV. DATE _____

SPECIFICATIONS: **INSTALLATION:**

Shower Curtains: Fully reinforced, wide top hem and a reversed bottom hem to prevent water and soap from collecting. Each is equipped with rust proof nickle grommets spaced aprx. 6" on center and down 3/4": from top edge. When determining size of curtain required, consider the desired fullness and add 10" to the shower rod length.

250W: White duck, 8 mil, washable duck, bleached and sanforized shrunk that is bacteriostic and mildew resistant. Permanent water repellent finish. (Color white)

250N: Nylon, long wearing, quick drying mildew resistant.

Colors: White, Beige, Champagne, Light Blue, Green, Pink, Brown, Gray, Peach, Dusk Rose, Blush, Raspberry & Claret.

250A: Anti-bacterial, flame resistant, self deodorizing fabric. Fabric is non-toxic and contains a patented dual agent antimicrobial system. Provides around the clock effectiveness against cross-infection hazards, reducing growth of viable diseases and odors forming organisms on their surfaces. Curtains are flame resistant and offer permanent protection against the dangers of accidental fires. Colors: White, Beige, Medium Blue, Green, Mauve, Frosty, Blush, Claret, Parchment, Yellow & Jade.

Measuring Curtains: Curtains are measured W x H. The Same curtain will fit a 1" or 1 1/4" diameter rod.
