ITEM #:

QTY:

Mounting	Handing	Type	Size	Other

### SPECIFICATIONS:

**Cabinet Body:** fabricated of high impact ABS material.  
**Cover:** Translucent ABS material that is corrosion resistant with a rounded design.  
**Lock:** Cover is secured to body by means of a special key.  
**Dispensing area:** Towels are dispensed from bottom without any serrated edges that may cause injury. An adjustable site controls the opening where the paper will be dispensed.

**Overall Size:** 9 1/2" x 12 3/8" H x 10" DW  
 241mm x 314mm x 254mm

**Capacity:** One standard center pull roll. Recommended for best operation would be a perforated roll.

### INSTALLATION:

Open cabinet door and place unit to desired or specified location. Making sure unit is level, transfer mounting points. Drill pilot holes and secure with proper fasteners per application. Install center pull towels making sure to feed paper into dispensing area at bottom. Close cover and test operation of dispenser.

### APPLICATION:

To provide a surface mounted center pull paper towel dispenser.
