## We are AJW

For nearly 50 years, we have Focused on Service™. As a result, our infrastructure is customer driven. We listen so that we understand your goals and objectives. We tailor our efforts and direct our action to be in concert with your needs. We measure our success by the health of our partnerships. American manufacturing, smart supply chain management, and a focused culture are the fuel for better results. We are AJW.

**Culture • Focus • Results™**

## Contact

One of our goals at AJW is to create successful partnerships. This allows us to understand your business so we can work together to deliver results for your projects, large and small. For nearly 50 years, we have made our partners our number one priority, and because of **this** we have become one of the most trusted suppliers in the industry.

## Visual Display Products

AJW Visual Display Products provide you with the ideal communication platform to share your ideas, debate your plan, and showcase your results. AJW carries a full line of Visual Display Products to meet the demands of every project.

### Markerboards

AJW porcelain on steel writing surfaces support your communication strategy in every environment. AJW Markerboards are fabricated using a three ply construction process, including a porcelain enamel writing surface with a lifetime warranty. Your AJW Markerboard can be designed with a number of trim, tray, and maprail options.

### Tackboards

AJW Tackboards are the ideal tool to support your communication strategy. Improve the use of your tackboard and complement the design by choosing from one of many trim and maprail options. You can further personalize your tackboard by selecting from a number of tackable surface options that include: natural cork - colored cork - vinyl fabric - designer fabric.

### Combination Boards

Remove the guesswork and choose from one of fifteen preconfigured AJW Combination Boards. Or, build your own - available in your choice of trim style, board type, and board configuration. Panels are available in sizes up to 4' high x 16' wide and are joined with H-Bar assemblies.

## Display Rails

AJW Display Rails provide the ability to display information without sacrificing valuable space on your wall. Choose from our wide selection of tackstrips, grip rails, and tackable grip rails for a product that fits your needs.

## Sliders

AJW Horizontal Sliders can double or triple your workspace and are customizable to accommodate your specific project requirements. Available in surface mounted or recessed, AJW sliding units can be designed with a number of panel, trim, tray and display rail options.

## Display Cases

AJW Display Cases are fabricated to be durable and are designed as a streamlined unit, enabling you to showcase your team's accomplishments with confidence. Available in surface mounted or recessed, AJW display cases can be built with a number of different options.

### **Bulletin Boards**

AJW Bulletin Boards are another communication tool that provides you with the opportunity to share your news in the boardroom, school hallway, or building reception area. Choose from one of our standard bulletin board cabinets or have us design a custom unit that conforms to your specific project's requirements.

### **Conference Units**

AJW Conference Units are practical and elegant. A classic wood finish will complement the decor of your boardroom, meeting room, or office. Our conference units feature a high quality, porcelain on steel writing surface with tackable panels inside the doors.

### **Tackwalls**

AJW Tackwall enables you to transform an entire room into the ideal work, play, or creative environment. Our designer friendly surface materials include - colored cork, natural cork, type 1 or 2 vinyl and designer fabric. H-bars can be applied or panels can butt together, supporting a streamlined final product. Optional "J" trim is available to trim the sides, top, and bottom of the wall.

# Washroom Partitions

AJW Partitions are designed and built to complement a wide variety of applications. From high traffic commercial settings to elegant designer restrooms, AJW will build the right partition for your project.

### **Stainless Steel Partitions**

AJW Stainless Steel Partitions are fabricated with precision at our manufacturing facility in the Hudson Valley region of New York State. AJW's stainless steel partitions will complement the design of your restroom by adding elements of **sophistication**, strength, and durability.

### **Solid Plastic Partitions**

AJW Solid Plastic Partitions combine elegance with durability, wherever discerning architects and builders demand the best. AJW Solid Plastic Partitions (HDPE) are the ideal product for high traffic environments prone to moisture and youthful **behavior**.

## Storage Systems

AJW Metal Lockers are fabricated from high quality mild cold rolled steel and are engineered for durability. Choose from either welded or knock down fabrication for AJW Standard, Athletic, and Professional lockers. Many tier, venting, base, top, and color options are available.

### Standard Series

AJW Metal Lockers are fabricated with quality and durability in mind. Our Standard Series lockers are available in a broad selection of sizes to meet the requirements of every typical locker application.

### Athletic Series

Rugged environments demand rugged solutions. AJW Athletic Series lockers offer practical features including ventilation, visibility, and strength - perfect for storage of athletic gear or other heavy duty use.

### Professional Series

With an open front and perforated sides - the AJW Professional Series locker is designed for easy access to uniforms and equipment. Popular options include a lockable security box and a lockable foot locker that also functions as a bench.

### Benches

AJW Benches give your team a convenient spot in the locker room as they prepare to take the field and a comfortable seat when they return triumphant. Bench tops are available in hardwood or solid plastic, with your choice of a steel pedestal.

## Washroom Accessories

For nearly 50 years, we have honed our craft to manufacture and deliver a comprehensive line of washroom accessories. Our manufacturing capabilities are extensive - we design and fabricate products for use in high traffic commercial environments, while accommodating requests for high style custom projects. Quality products and a clean design are inherent to our Washroom Accessory line of products.

### Mirrors & Shelves

AJW mirrors are available in a variety of sizes and reflective surfaces. Contact your Customer Relationship Manager for more information. Shelves can be fabricated to meet many custom requirements for length or depth.

### Grab Bars

AJW grab bars are fabricated of 18 gauge stainless steel with a standard satin finish. Optional safety grip is also available on all bar configurations.

### Hand Dryers

All of our automatic hand dryers are manufactured under the JetAir name. JetAir dryers are highly energy efficient, powerful and reliable. JetAir dryers can be semi-recessed to adhere to Federal ADA guidelines.

### Towel Dispensers

AJW offers a wide variety of towel dispensing units which adhere to ADA guidelines for mounting and operation. All dispensing areas are hemmed and deburred to prevent towel tearing and injury.

### **Towel & Waste Combinations**

AJW towel and waste combination units are space efficient and, when properly installed, adhere to ADA guidelines for accessibility. Products in this series can be fitted with collars for surface mounting or semi-recessing.

### **Waste Receptacles**

AJW waste receptacles come in a variety of different waste capacities. Like our combination units, collars can be installed for semi-recessing and surface mounting options.

### **Hospitality Accessories**

Hospitality accessories are fabricated with design and aesthetics in mind.

### **Toilet Tissue Dispensers**

AJW toilet tissue dispensers are available for various applications in single or dual roll capacity as well as standard and jumbo size roll dispensing capabilities. In order to comply with ADA guidelines, dispensers cannot have any form of controlled delivery. We offer this design feature on many of our dispensers.

### **Restroom Stall Accessories**

Restroom stall accessories are designed and fabricated for any application with numerous mounting styles available. Our stainless steel combination units come equipped with and without sanitary napkin disposal for women's and men's stall applications.

## Healthcare Accessories

AJW healthcare products include shower seats, changing tables and other products intended for use in healthcare facilities. When mounted properly these products comply with ADA guidelines.

## Soap Dispensers

AJW soap dispensers come in a variety of designs, soap capacities and finishes. To adhere to ADA guidelines designated manual soap dispensers can be operated with one hand and less than 5 lbs of force or less. We also offer hands-free, battery operated automatic dispensers.

## Feminine Hygiene

This series includes dispensers and disposal options. Each dispenser is available with multiple coinage options and independent mechanisms. All waste disposal units are designed to maintain a hygienic environment and are easy to empty.

## Janitorial Accessories

AJW janitorial accessories are designed with versatility and function in mind. We provide numerous hook, mop holder and utility shelf combinations. We understand that not all workspaces are the same; we provide varying lengths and hook quantities that will fit any space, large or small.

## Security Products

AJW security products are fabricated of heavy gauge stainless steel and are designed to prevent tampering and vandalism. Products in this series include shatter resistant mirrors, collapsible hook strips and grab bars fabricated with closure plates to prevent injury and hiding of contraband. These products are ideal for correctional facilities where security is of highest concern.
